## SUBMISSION GUIDELINES

**Page Headers:** Please place the first author's name and the title of the paper on the top of each page of the submission.

**Abstract:** Your submitted 50–100 word maximum abstract, highlighting the key details of your paper, will be published in the online program if your paper is accepted. The abstracts will be edited to accommodate the program format.

**Keywords:** Include a minimum of three keywords.

**Technical Summary:** The summary must not exceed 2–4 pages in length. Material beyond four pages will not be considered in the evaluation of the paper.

(1) Include the **names of all authors** with their affiliations, addresses, telephone numbers, and e-mail addresses. Please underline the name of the presenter when there are two or more authors.

(2) Also indicate whether the presenter is a **student**.

(3) **Objective and Background:** Briefly describe the goals and intent of your project and provide background factors that led to the new results.

(4) **Results:** Describe the specific results that will be presented at the 2024 Display Week Symposium. Please provide a technical description of how the results were achieved. Sufficient detail (quantitative and/or graphical data) should be included so the Program Committee can properly evaluate your submission.

(5) **Impact:** Discuss the significance of your work and compare your findings with previously published work.

(6) **References:** List a few main references covering projects in related areas. We are requesting that authors use the Vancouver citation style.

(7) **Prior Publications:** Symposium papers must be original contributions. If your organization has published or presented material on similar work in English, please explain how the present material differs or has been uniquely and significantly updated. Review papers of other work must reference all publications being discussed.
